

EV Belgium vzw/asbl

The Belgian Association for Zero Emission Mobility

EVb Monthly Update

16 May 2025

Compliance & Antitrust Statement

All members of EV Belgium always comply with the rules of competition law. For this, the members participating in any meeting always take into account the following elements and information :

- The companies and people participating are committed to free and fair competition.
- They have therefore planned to exchange information in accordance with the rules of competition law and have appropriate antitrust compliance measures in place.

In view of the above, the participants will jointly ensure that only content specified in the previously shared agenda will be discussed and that sensitive content will not be addressed (see table below). If a member has any antitrust concerns about the course of the discussion, these will be recorded in the minutes and the meeting suspended.

For more information and links:

- VBO: [LINK](#)
- Belgian Competition Authority : [LINK](#)

DISCUSS or SHARE the following information if it will benefit the functioning of the association/meeting:

- ✓ **General** economic indicators
- ✓ **General** Industrial outlook
- ✓ **Regulatory evolution** and its impact on the e-mobility sector
- ✓ **Data truly publicly available** and available at no extra cost
- ✓ Always try to provide **aggregated figures or estimates** (without sharing individual company information) to public authorities when assessing a financial impact of new regulations
- ✓ Always **consult legal counsel** when in doubt

AVOID/STOP discussions or exchanges of anything that may concretely influence the future market behaviour of the members/companies, including the following information the following information:

- × **Prices**, discounts, margins, credit terms, guarantees, instalments and other conditions applied by businesses
- × **Individual company data** on costs, production, investments, capacity, stocks, sales, orders and/or profits
- × **Individual business strategies** on the development, design, production, distribution or marketing of certain products
- × **Individual offers** regarding contracts of specific products or requests for quotation
- × **Information regarding existing or potential competitors**, suppliers, distributors or customers that could have the effect of excluding them from the market
- × **Any other information that you or any participating company** consider to be sensitive, even if not contained in this overview

Agenda

1. Welcome & agenda
2. EV Belgium Team
3. Policy Update
 - Meeting FOD Economy Fapetro (E-credits)
 - Meeting cabinet De Ridder & Weyts
 - Reimbursement for home charging (Q3)
4. Positions & Actions
 - Ongoing work on positions
 - Ongoing information rounds
5. Events
 - General Assembly 2025 & Board Elections
6. Fluvius: net congestion in Flanders and Belgium
 - Presentation
 - Q&A
7. AoB, next meeting(s) & closure

EVB Team

Karsten Marhold

As of June, our new colleague, Karsten will **join us as E-Mobility Advisor**.
Please join us in welcoming him as he will over time actively join our WG-activities.

Contact: karsten@ev.be

Romain Denayer

Please note that Romain will be **OoO due to paternity leave** somewhere end of May. *Please join us in congratulating him and wishing him the best of luck ;)*

All questions and mails should be directed to
philippe@ev.be until his return (end of June)

Policy Update

Feedback lobby about position e-credits (REDII/I)

- **Feedback meeting 12/05:** First and constructive meeting with the relevant persons at the FOD Economy in charge of the system
 - They want to focus on a system that is:
 - Qualitative (data-source, MID, ...)
 - Transparent (information & obligations)
 - User-friendly (API, usage, ...)
- **Upcoming 21/05**
 - Next week, we meet with the cabinet of Bihet, Minister of Energy
 - We will focus on the legal changes and implementation of REDIII
- **Questions or comments?**

Policy Update

Feedback lobby about position e-credits (REDII/I)

- **They agree with “almost all” of our proposed changes, however the following comments were raised:**
 - They will not change the timetable for registering credits (2 weeks)
 - They can't confirm when any changes will happen (no clear timetable), they are going to do more efforts on communication and information
 - They want API (link with NAP: AFIR & EVSE-ID) and local production in, but only under MID (clear measuring)
 - They need a solution for changes in EVSE-ID's
 - Dates and/or weeks will be possible to add to the table, allowing less uploads
 - They didn't object (nor confirmed) the inclusion of private chargers (political decision)
 - The system will be redeveloped into a 'bankaccount' format
 - They aim at a transposition and implementation of REDIII by end of 2025
 - They are sceptical about including 'certificates of origin'
 - They will develop an easier way for the annexes (CPO-user agreements etc)
 - They will enable bulk editing and editing of data until transposing them into credits
 - Annual report should be published by November 2025

Policy Update

Meeting Cabinet De Ridder & Weyts

- **Feedback meeting 14/05**
 - Positive & constructive meeting
 - Focus on car market and fiscality
 - Willingness to work on broad communication in favor of ZEV's
 - Willingness to consider the TCO-gap and keep it big enough (BIV, ADT, ...)
 - Willingness to find solutions for the 2nd-hand market (Leasco's)
 - Willingness to align the VEKP with our estimations (impact PHEV, LDV, trucks, ...)
 - No real response to the consideration of an energy tax shift (however they understand the need)
 - But also brief exchange about charging:
 - Work on the new concession is being finalized (open questions to be defined)
 - MOW is working on the implementation of NAP (with understanding of our request to align with national and other regions)

Policy Update

Reimbursement for home charging (Q3)

- The CREG published the tariffs for Q3: [LINK](#)
- The CREG 'boordtabel' doesn't contain the subcategories anymore: [LINK](#)
- Please consider the fact that the tariffs as published by the CREG are to be transposed via a circular before being final
 - EVB will take action towards the Cabinet of Finance, pushing for publication

Any questions, concerns or remarks?

Position
